LED Street Light with Elexon UMSUG Codes for Unmetered supplies - 30w - 3-6M Column Street Lighting Fixture Flicker Free

Luminaire designed for column/post mounting at heights of 4 - 16m, with a range of sizes across 30W - 240W (4,200-33,000lm), IP66 design for exterior environments, with a low profile, sleek silver anodised aluminium body for harsh weather environments, Premium Street light is for urban applications such as car-parks, pathways and pedestrian areas. PMMA optic lens ensures a high degree of uniformity across a range of spaces and reduced light spillage, thus further enhancing this 140lm/W luminaire to give optimum lux levels through out. Furthermore the Premium Street light is compatible with standard mains photocells. Additional benefits include 100,000 hours maintenance free performance, with no-tools/quick release access to the internal control gear for installation. Unit available with either 60mm or 76mm entry bracket for both bottom & side-entry hence universally compatible. Angle of illumination can be adjusted around 10° for increased spread. Slate Grey RAL 7015.
