

LED Slimline Post-Top Street Light (30W /50W) - 360 Degree Car Park / Street Light Lantern c/w Top Hat + Nema Socket & Photocell Dusk-til-Dawn Sensor

£440.40 £226.80

PRODUCT INFORMATION

LED Type	SMD3030 LEDs
Warranty	5 Year
Part L Compliant	Yes
Dimensions	Ø186mm x 632mm (Ø632mm x 634mm with canopy top hat hood)
Weight	4.2kg
Windage	0.14m ²
Equivalent to	70 SON / MHL

TECHNICAL SPECIFICATIONS

Power Consumption	30W / 50W
Input Voltage	100-280V AC
Power Factor	>0.95
Operating Temperature	-20°C to 65°C
L70 Rated Lifetime	+100,000hrs
Ingress Protection	IP65

LUMEN PERFORMANCE

Luminous Efficiency	140lm/W
Beam Angle	150° x 150° (All-round-optic)
CRI (Colour Rendering Index)	>80Ra
Lumen Output	30W 4,200lm 50W 7,000lm

AVAILABLE OPTIONS

Colour Temperature	3000K (Dark Sky Friendly- 0% ULOR) 4000K
--------------------	--

AVAILABLE OPTIONS

3-Hour Emergency Version	No
Built-in Microwave Occupancy Detector	No
1-10V Dimmable	Available on Request
DALI Dimmable	Available on Request

LED Slimline Post-Top Street Light (30W /50W) - 360 Degree Car Park / Street Light Lantern c/w Top Hat + Nema Socket & Photocell Dusk-til-Dawn Sensor

The Slimline series post-top is available as a smooth cylinder or incorporate a large canopy. With two timeless aesthetic designs, the Slimline blends into all kinds of urban environments for column/post mounting at heights of 3-6m, suited to general open areas such as pedestrian areas, car parks and low-to- medium traffic urban applications.

With a high tightness level and a very high degree of impact resistance, this luminaire is built to withstand harsh environmental conditions and vandalism to perform over time. Optional top hat canopy for a traditional look or slimline PMMA optic only for a minimalistic look, with a best-in-class degree of uniformity across a range of existing and new lighting pole installations. Furthermore, luminaire comes with optional 3/7 Pin NEMA socket for photocell/wireless plug-in or in 1-10V / DALI for PLC or dedicated dimming & controls.

The unit is complete with base mount suitable for 76mm post top entry hence universally compatible. Additional benefits include 140m/W efficacy, +100,000 hour maintenance free performance and minimal disturbance to nocturnal wildlife to the lack of UV/IR spectrum associated with LED photometric characteristics.

Optimised light distributions designed for large open areas

Standard 3/7 pin NEMA available or Zhaga sockets on request

Suitable for Ø76mm column entry

Product information

Durable with rated life span L70>100,000 hours / No UV or IR emissions / Instant Illumination & flicker free / UKCA, CE & RoHS international standards / Environmentally friendly & part recyclable: no mercury or other hazardous materials used / Heavy duty die-cast aluminium housing & 5mm prismatic tempered glass / Available in DALI or 1-10V dimmable and PLC control systems / Complies with EN60598

Code	Nominal Size	Power Consumption	Lumen Output	Net Weight	Windage
